# Forest Accomplishments

## Colville National Forest

Forest Service, Pacific Northwest Region

*Forest emphasized maintenance of facilities and continued site improvements.*

*Boat launch at Bead Lake on Newport Ranger District.*

Work accomplished: Continued to replace fire rings within campgrounds. Water system improved to host site at Pierre Lake campground. At Bead Lake Boat Launch, routine maintenance included trash removal, weed eating, sign installation, and replacement of a large reflectorized aluminum information sign due to vandalism. Volunteer work included: trail clearing and general maintenance by the Back Country Horsemen and Pacific Northwest Trail Association along the Kettle Crest, Hosts at Swan Lake and Ferry Lake campgrounds and Bead Lake boat launch.

Compliance continues to be a problem at sites without hosts.

*Thank you, your help makes a difference!*
